RE: Extension of NCI Instructor Trainer Certifications

A review of the protocols for training in restrictive interventions and alternatives to restrictive interventions is underway. While this review is taking place, the current certifications of NC Instructor Trainers, which are due to expire on January 31, 2015, have been extended to June 30, 2015. This communication provides documentation that the certifications of the NCI Instructor Trainers on the NCI Instructor Trainer Listing: <http://www.ncdmh.net/NCI-Public/NCI.idc> remain in effect during this interim period.
